

Paris Roubaix challenge & race day itinerary

Friday

12:00 Hotel check in opens (we will be at the hotel from around 13:00) Free parking is available at the hotel.

16:00 Planned guided social ride including collection of event numbers from the velodrome. The route will be direct from the hotel to the velodrome.

This ride will be approx. 10 miles and will give you the opportunity to check your bike after traveling to the hotel and sample riding in France.

Everyone needs to collect their own event number that fixes to the front of your bike in person, you will require photo id (passport or driving licence is recommended) and your Paris Roubaix challenge entry confirmation that states your bib number not your Long Leg Tours confirmation.

If you are unable to join this ride it's not a problem, you will need to collect your own event number from Jean Stablinski Regional Velodrome in Roubaix from 14:00 until 18:30 (if needed it's also possible to collect event number early on Saturday morning location dependant on which route you are riding)

Just a reminder a helmet is mandatory for the Paris Roubaix challenge ride.

19:30 we will be looking dine at the hotel restaurant, you are more than welcome to join us or choose one of the other local restaurants. This evening meal is not included in your Long Leg Tours package so you will be required to pay for your own meal and drinks.

Saturday

05:00 – 09:00 early breakfast is being served at the hotel

05:45 Loading bikes and boarding vehicles for transfer to Busigny for those who have selected a transfer to the start of the long route. Bikes will be transported fully assembled. Vehicles taking riders and carrying bikes will all travel together

06:00 Vehicles depart to Busigny, arrival and unloading approx. 07:45

08:00 long route riders start the ride

07:00 – 11:00 start time for the short route, suggested start time 09:00,

Riders on the short route will need to make their own way from the hotel to the Velodrome to the start the event, this is only a few miles and will be the same route as the Friday's social ride.

While on the event you will be supported by the event staff, if you have a problem we will also try to help out if possible so it may be worth giving us a call. We will try to see you along the route to get some photos. For those on the long route we hope to see you at the second food stop.

After the ride on Saturday if the weather is good I would recommend having a well-earned beer at the velodrome. Then either riding back to the hotel or if required we can transport you and your bike back to the hotel. We aim to meet you all at the finish.

20:00 we have reserved a table at the hotel restaurant for a three course celebratory meal evening meal, this meal is included in your package fee but you will need to purchase your own drinks.
